

NDIS Workshop & 1:1 Consultation sessions

Helping you achieve successful outcomes for your child and family

The National Disability Insurance Scheme (NDIS) has been described as a generational change to the way Australia supports people with a disability. At AEIOU Foundation, we recognise the impact this will have on you and your family.

Our workshops are designed to take the stress out of this transition period, and help you achieve the best outcome for your child and your family. You'll receive information to help you navigate the Scheme, how to access funding under the NDIS and how to prepare for your meeting with your access partner.

This session will be followed by one on one consultation sessions for AEIOU families, which is an opportunity for you to meet with our NDIS Transition Support staff to discuss NDIS funding options for your child and plan for your meeting with your access partner.

Date: **Friday 26 May 2017**

Time: **08:30am**

Presenter: **Diane Keating** (Program Coordinator), **Katrina Ives** (NDIS Transition Support Coordinator)

Topic: Workshops open to the public and AEIOU families
