## Meet our Presenters

**Kerri-Leigh Bacelar** is a Program Manager at AEIOU Foundation's Sippy Downs service for children with autism. Kerri holds a Graduate Diploma in Psychology and is currently undertaking a Masters of Applied Behaviour Analysis through Monash University.

Before joining AEIOU in 2015, Kerri managed a childcare centre in South Australia, where she worked closely with a child with autism who had made great progress in the AEIOU service. Determined to make a significant difference in the lives of children with autism, she moved to Bundaberg to work with AEIOU.

Now based on the Sunshine Coast, she oversees evidence-based early intervention therapy and care, which works towards developing language, behaviour and essential life skills to give children the best chance to reach their full potential.

**Katrina Ives** is AEIOU Foundation's NDIS specialist, supporting families who have a young child with autism to navigate the Scheme and access funding for reasonable and necessary supports.

Katrina has been part of AEIOU's team since 2010 in a similar capacity, assisting and advocating for families prior to and during their enrolment in the Foundation's early intervention service.

With a background in finance and the NGO sector, Katrina is able to provide practical, caring advice during the early years of an autism diagnosis.
